Delivery – where you want it, when you want it

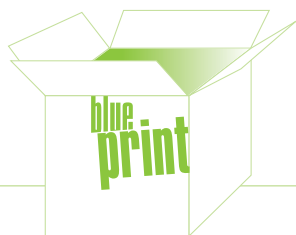

continued over >>>

Once a job has been printed, what happens next?

At Blueprint we provide an extensive packing, warehousing and delivery service. We believe that it shouldn't be left up to you to sort, bundle and distribute your printed jobs. Blueprint offers the following delivery services:

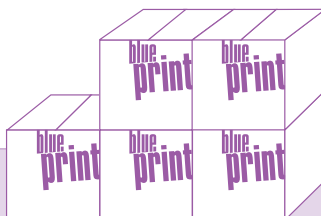

1. Packing & Sorting

You may have just printed a series of brochures, bags, leaflets and postcards which make up kits you require for an exhibition. Instead of delivering you boxes of each item, we can assemble each kit, and then deliver them where you want.

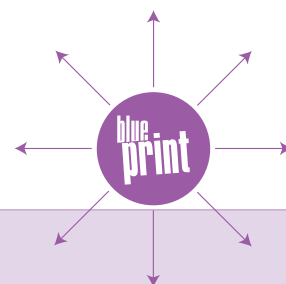

2a. Warehousing

Let's assume you require a specific number of your printed documents to be sent to a location one day, then another number a week later. Blueprint will store your documents and deliver them as required, saving you precious space and time.

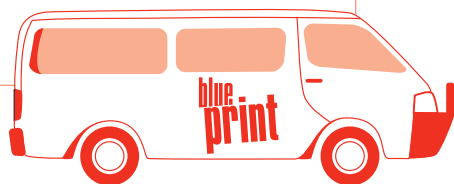

2b. Distribution

You may require jobs to be distributed all over the city, the state, the country or the world. At Blueprint, we will count and sort your documents then pack them appropriately. We will send each pack to its appropriate destination.

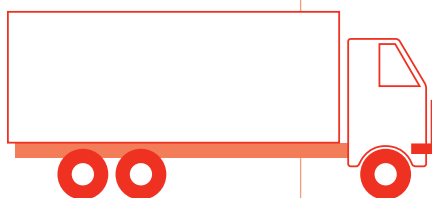

3a. Delivery (local)

Blueprint's delivery service is prompt, friendly and efficient. Avoid the hassle of ordering a courier who cannot fit all the boxes of your urgent delivery in his van. Let Blueprint deliver your goods, any day, any time. Even weekends.

3b. Delivery (Australia-wide)

For prompt Australia-wide delivery, you can rely on Blueprint. Working in affiliation with major transport companies, we can provide quick and easy interstate delivery.

3c. Delivery (International)

Blueprint also provide an international delivery service. Just tell us where you need your job to go, and we'll get it there, fast.
